Section 1 – Introduction

This directory provides a list of Regence Blue MedAdvantage HMO and Regence Blue MedAdvantage HMO Plus’s network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

You will have to choose one of our network providers who are listed in this directory to be your **PPrimary CCare PProvider (PCP)**. The term “PCP” will be used throughout this directory. Generally, you must get your health care services from your PCP. Your PCP is the provider that will coordinate your medical care. You will find the PCPs in our network listed in the “Primary Care Providers” section of this directory. PCPs may include Family Practice, General Practice, Geriatric, and Internal Medicine doctors, and Primary Care Nurse Practitioners and Physician Assistants. Pediatricians may also be used as a PCP if appropriate to the age of the member.

The “network providers” listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory; however, some services may require a referral. If you have been going to one network provider, you are not required to continue to go to that same provider. In some cases, you may get covered services from non-network providers. Your PCP will coordinate referrals for your healthcare with our network providers. A referral is an approval from your PCP for you to see a specialist or other provider. In most cases, medical services obtained without a PCP referral will not be covered. Some services may also require prior authorization from the plan. When necessary, your PCP or referred specialist will obtain prior authorization from the plan for these services.

If your PCP determines there is a medical reason you must see an out-of-network provider, your PCP must obtain prior approval from the plan before services are rendered. If prior plan approval is not obtained, services will not be covered.

If you receive plan-approved care from an out-of-network provider, have the provider bill the plan by following the instructions on the back of your ID card. If you receive a bill from an out-of-network provider, submit the bill to the plan for processing. Addresses for claims submission are listed in the Evidence of Coverage or on the back of your member ID card. You may also contact Member Services for assistance. The phone number and hours for Member Services are listed on the front of this directory.

When you travel outside the Regence Blue MedAdvantage HMO and Regence Blue MedAdvantage HMO Plus service area, the only services covered are medically necessary emergency or urgent care visits, and renal dialysis services.

You must use plan providers except in emergency or urgent care situations or for out-of-area renal dialysis. If you obtain routine care from out-of-network providers, neither Medicare nor Regence Blue MedAdvantage HMO and Regence Blue MedAdvantage HMO Plus will be responsible for the costs.
